1. RECOMMENDATION

- The Committee is asked to review and comment on the Assistant Chief Executive (Corporate Resources and Section 151 Officer)'s assessment of the internal audit function

2. EXECUTIVE SUMMARY

2.1 This report details the Assistant Chief Executive (Corporate Resources and Section 151 Officer)'s review of the effectiveness of the Council's internal audit. In assessing Internal Audit's effectiveness the Council has used the following criteria and sources of information:

- Public Sector Internal Audit Standards
- Internal Audit performance
- Stakeholders Feedback
- External Audit opinion.

3. System of review

- 3.1 The Accounts and Audit Regulations 2011 require the Council to review, at least annually the effectiveness of its internal audit function. The findings of this review need to be considered and published as part of the Committee's review of the effectiveness of the systems of internal control. This in turn forms the basis of the Committee's consideration of the Annual Governance Statement.
- 3.2 The Internal Audit service is one of the key foundations of the Council's Assurance Framework and governance structure, therefore the Committee needs to be satisfied that the function is effective ensuring it can place reliance on the Council's internal control systems.
- 3.3 The Assistant Chief Executive (Corporate Resources and Section 151 Officer) has completed a review of the internal audit service and that is now reported to the Committee.
- 3.4 For the purposes of the review the internal audit service was defined as the service provided by Mazars PSIA Ltd via the internal audit contract and the small in-house client team that leads and manages the contract. The current contract for internal audit services was let in April 2008 for a period of seven years with an option for a three year extension. In January 2012 an extension of that contact to March 2018 was agreed on a recommendation from the Corporate Services Committee.
- 3.5 A peer review by another London Borough's Head of Internal Audit was conducted in 2012 to assess the extent to which the Council's internal audit service complied with the standards set out in CIPFA's Code of Practice for Internal Audit 2006. This showed that the Council's Internal Audit service compares extremely well against the standard and meets all of the criteria.
- 3.6 A self-assessment against the new Public Sector Internal Audit Standards (that came into effective on 1st April 2013) was conducted in March 2015 and this concluded that the internal audit function conforms to the standards. A programme of peer review has been established amongst London Boroughs and in due course this will facilitate an external review of conformance. It is required that an external review is conducted at least every 5 years.

4. Internal Audit Performance 2014/15

- 4.1 A key measure of the Internal Audits service's effectiveness is the action taken in implementing audit recommendations. The Council's target for audit recommendations implemented at the time of the follow-up audit is 80% for all priority 2 & 3 recommendations and 90% for priority 1 Recommendations.
- 4.2 The use of targets is accompanied by a stringent approach to the follow up process with tighter timescales for follow up work to commence linked to the level of assurance. Table 1 details the performance in all follow up work completed for audits carried out in 2011/12 through to 2014/15.

Table 1: Implementation of Audit Recommendations to date

Performance Objective	Target	Performance 2011/12	Performance 2012/13 (to date)*	Performance 2013/14 (to date)*	Performance 2014/15 (to date)*
Percentage of priority one recommendations implemented at the time of the follow up audit	90%	100%	97%	98%	71%
Percentage of all recommendations implemented at the time of the follow up audit	80%	93%	92%	89%	81%

* Audits are still being followed up for 2012/13, 2013/14 & 2014/15 therefore the percentage will change.

- 4.3 Table 2 details the Internal Audit service performance against key targets for 2014/15. Delivering 100% of the audit plan in year is an excellent performance that few London Boroughs manage and this is the ninth year running that this has achieved at Croydon.

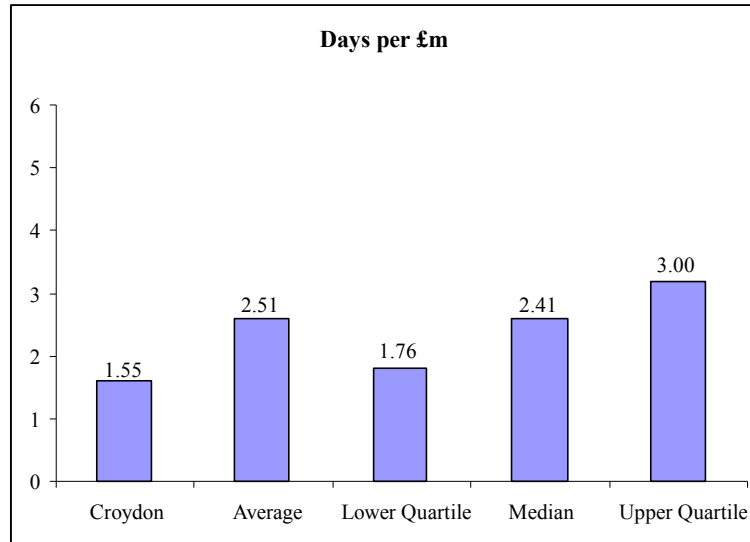

Table 2: Internal Audit Performance

Performance Objective	Annual Target	Annual Performance	RAG
% of planned 2014/15 audit days delivered	100%	100%	G
% of 2014/15 planned draft reports issued	100%	100%	G
Number of 2014/15 planned draft reports issued	99	99	G
% of draft reports issued within 2 weeks of exit meeting with the Client	85%	85%	G
% of staff with full qualifications engaged on audit	40%	39%	A

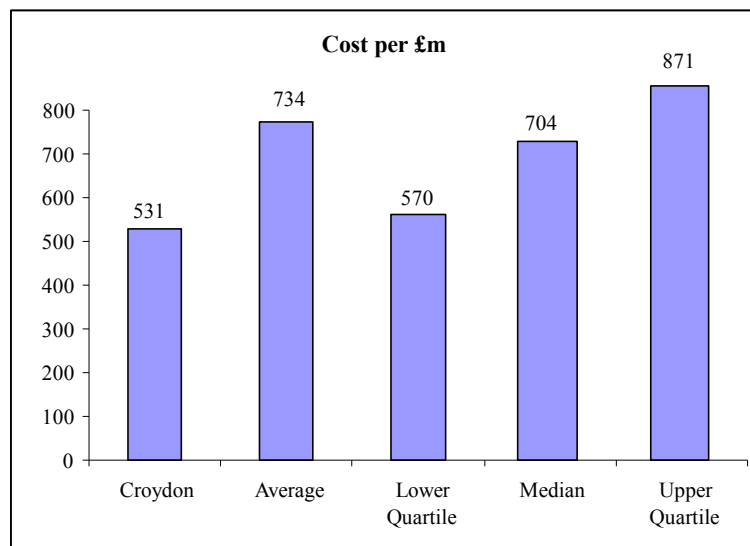

- 4.4 To ensure the Council continuously improves its Internal Audit service, the Council participated in the CIPFA Audit Benchmarking Club 2014. A range of performance data and information relating to the Internal Audit service was compared, to eight other London Boroughs, in relation to cost and audit coverage. The headlines were that the Council was below average in relation to

the number of audit days per £m gross turnover and the cost per chargeable day. These resulted in a better than average audit cost per £m gross turnover.

4.5 In addition, the Internal Audit Service was benchmarked with 47 unitary authorities within the benchmarking club from across England & Wales. The performance for 2013/14 is shown in the following graphs

This shows that because of its risk focused approach to internal audit, Croydon uses proportionately fewer days per £M of council gross expenditure than most other authorities.

This shows that the combination of well focused activity and reasonable costs per day results in costs per £M of council gross expenditure which are below the lower quartile for unitary authorities nationally.

6. External Audit

6.1 The current external auditor has reviewed the overall arrangements for internal audit and reviewed the internal audit reports on key financial systems. In their report to this committee in June 2014 they reported:

“The overall arrangements for internal audit are considered appropriate. We have concluded that the Internal Audit service continues to provide you with an independent and satisfactory service and that we can take assurance from their work in contributing to an effective internal control environment. Reports provided to date will be used to inform our approach at year end.”

7. Conclusion

7.1 A comparison of the benchmarking indicators with the performance and impact indicators demonstrates a cost effective service delivering value for money.

8. FINANCIAL & RISK CONSIDERATIONS

- 8.1 The Internal Audit contract for 2014/15 was a fixed price contract of £451,000 and appropriate provision was made within the budget for 2014/15. There are no additional risk considerations than those within the report.
