WORK PROGRAMME 2015/16**

<i>Meeting 7: 12th April 2016, 6.30pm, Council Chamber</i>			
Number	Item details and report authors	Lead Officer	Lines of Enquiry
1	Digital inclusion	Graham Cadle	Despite having lower barriers in terms of access and cost than many similar European countries, one in five UK adults do not have the basic digital skills they need to benefit from the digital world. A lack of basic digital skills is a significant social issue and it has been estimated that the annual social value of every individual getting online for the first time is £1,064. As the Council is delivering more services and information digitally, the Committee will ask how many residents are excluded from the digital world and what is being done to help people get online.
2	Financial inclusion	Mark Fowler	Financial exclusion is the inability of an individual, household, or group to access appropriate financial services or products putting them at financial risk. The Council is working with residents to catch problems early and to help people become more prepared and better equipped for the future. Members will seek information about financial inclusion and how we plan to help our residents over the coming months.
3	Topics for 2016-17 - <i>Solomon Agutu, Head of Democratic Services & Scrutiny</i>	Gabriel MacGregor, Acting Director of Legal and Democratic Services	To review the work programme for 2015/16 and to consider topics for inclusion on the 2016/17 work programme
