PART A

87/18 **Minutes of Previous Meeting**

RESOLVED that the minutes of the meeting held on 13 September 2018 be signed as a correct record.

88/18 **Disclosure of Interest**

Councillor Streeter disclosed that for his day job he works for the parent charity the Multi Academy Trust, which starts new schools and takes on existing schools. There was no interest to declare and there was no conflict for his participation in the application item 18/01711/FUL Coombe Lodge Playing Fields, Melville Avenue, South Croydon, CR2 7HY.

89/18 **Urgent Business (if any)**

There was none.

90/18 **Development presentations**

At 5:37pm Councillors Clark, Ali and Perry arrived at the meeting.

91/18 **18/02458/PRE 30-38 Addiscombe Road, Croydon, CR0 5PE**

Residential redevelopment of the site to provide circa 140 flats.

Ward: Addiscombe West

Representatives of the applicant attended to give a presentation to the Members' as questions and issues were raised for discussion with further consideration prior to their submission of a planning application.

The main issues raised during the meeting were as follows:

- Members of the Committee welcomed the application having seen previous schemes for the site, and complimented on the site being very well connected with public transport.
- Members welcomed the car club idea and also the consideration of car space for the disabled.
- Members welcomed the 50 percent affordable housing, but encouraged a 60/40 tenure split be provided through layout and core arrangement changes.
- The visual link from the forecourt to the courtyard is developing and Members would like this to be developed more. This was also highlighted by the Place Review Panel (PRP). Members noted that further work was required for the landscaping scheme.
- The separation and relationship of the NLA tower is important and Members want to be ensured it does not have a negative impact on the iconic building.
- The impact on the neighbours and members of public walking and cycling past the site was seen as important by Members with regards to micro climate issues such as wind. The usability of the roof terrace and courtyard at the back was also important in terms of micro climate, sunlight and daylighting. Members discussed minimising the impact on neighbouring properties, particularly those opposite, should be considered.
- The level of active frontage on the ground floor level was highlighted seeking more front door and less bin store. This was also raised by the PRP.
- The overall feel of the design at the edge of the town centre was discussed by Members, and there was a consensus that the design should express more of a relationship with the surrounding properties and a move away from the corporate feel of town centre architecture would be welcomed.
- Members would like to see usable balconies and welcomed the fact that these have been set into the frame of the building.

- Members highlighted the use of s106 and CIL contributions to assist the local community and benefit the wider community.

Councillor Patricia Hay-Justice, Ward Councillor, commented on the presentation.

The Chair thanked the applicants for their presentation.
