### 1. Summary

1.1 To provide a proposed budget for 2019/20 and agree the level of fees and charges for the financial year 2019/20.

#### 2. Recommendations

The Bandon Hill Cemetery Joint Committee is recommended to:

- 2.1 Approve the budget for 2019/20
- 2.2 Approve the fees and charges for 2019/20.

### 3. Background

3.1 The Cemetery is jointly run by the London Boroughs of Croydon and Sutton. Concern was raised at a Committee meeting in July 2006 regarding the funding of maintenance costs once all burial spaces are used up and an annual income can no longer be generated.

3.2 As a result it was decided to adopt a fair pricing policy, which will ensure (as far as possible) that the Cemetery generates an annual provision that can be invested and used in the future to maintain the Cemetery. The reserves held by the Committee totalled £416,957 as at 31 March 2018.

#### 4. 2019/20 Budget

- 4.1 The budget for 2019/20 has been prepared as detailed in Appendix A. Expenditure reflects the costs provided by the contractor under the existing contract, inflation at 2%, the previous year's outturn and guidance from the Cemetery Superintendent.
- 4.2 The fee income budget has been increased by an inflationary figure of 2% to £208,080 and at this level an in year surplus of £51,867 is anticipated, this will be transferred to the Bandon Hill reserves and be made available to mitigate future years' operational spend. It is not recommended that charges are increased by more than 2% in 2019/20 as they were increased significantly in 2017/18 to represent an average charge across Sutton and Croydon Cemeteries.
- 4.3 The 2% rise will ensure that fees stay in line with the average across Sutton and Croydon Cemeteries.
- 4.4 Appendix B shows the impact on charges for increases in fees of 2.0% from April 2019.

#### 5. Impacts and Implications

**Financial** 

5.1 Included within the report.

Legal

- 5.2 Section 93(1) of The Local Government Act 2003 enables Councils to charge for providing discretionary services. The power in the Act is subject to the requirement that the Council is not prevented from charging for the services by virtue of any other legislation and in the case of fees and charges in respect of this service there appears to be no specific legislative provision which would prevent the Joint Committee on behalf of the Councils from relying on these powers to charge.
- 5.3 The power to charge for a service under the Act is also subject to the duty to make sure that, taking one financial year with another, the income from charges made from a service does not exceed the cost of the provision of the service. Councils are therefore allowed to set the level of the charge for each discretionary service that it thinks fit and considers reasonable, subject to those charges not exceeding the costs of the provision. In this instance the report confirms that these requirements have been considered and the proposed fee and charge increase meets these requirements.
