

# **PUBLIC CONSULTATION REPORT**

## **SEND Strategy 2019-22**

**Public consultation report on proposed  
Special Education Needs and/or  
Disabilities Strategy.**

**Draft Summary Report of  
Methodology, Feedback and Responses**

**February 2019**

## 1. EXECUTIVE SUMMARY

- 1.1 This report brings together Croydon Council's consultation findings on the proposed changes to the SEND Strategy 2019-22 together with recommendations.

With grateful thanks to all involved in supporting the delivery of the consultation.

The consultation process started on the 3<sup>rd</sup> December 2018 and ran live until the 31 January 2019. The consultation was far reaching with views sought from parents/carers, young people and other agencies/stakeholders all of who offered important views and feedback.

The consultation was extensively promoted through a number of channels. This included direct contact with young people, families and stakeholders through focus groups. There was online availability of consultation documents including surveys available through the Local Offer on Get Involved. All documents were also available in Easy Read. All information about the consultation was circulated widely. This included education settings, Youth Clubs, neighbouring local authorities, and parent support groups. Social media for example Twitter and Facebook was also used to promote the consultation.

The consultation was on the proposed 3 years Strategy spanning Education, Health and Social Care, 2019-22.

The consultation exercise reinforced the main strands of the Strategy which are:

- 1) *To improve early identification of needs.*
- 2) *To improve joint working across education, health and social care.*
- 3) *A graduate response, which is a wider range of support and provision.*
- 4) *Post 16 opportunities*

During consultation it became necessary to add a 5<sup>th</sup> objective which is:

- 5) *Workforce development*

## 2. BACKGROUND

The original version of the strategy was consulted on with 6 parents at Parents in Partnership on 19.9.18. The feedback was reviewed at the SEND Strategic Board meeting on 25.9.18 and instruction was given to all 3 services (health, social care and education) to re-write the Strategy together.

## 3. METHODOLOGY

The target cohort for the consultation was parents, carers and young people with special education needs and/or disability. And we have also consulted with associated practitioners and professionals.

Materials were produced in plain english and Easy Read versions. The on-line survey was also in plain english and in Easy Read.

Printed versions were distributed in all face-to-face sessions and the link was also provided to the online survey.

#### Distribution and Communications

A series of communication and publicity activities also took place including:

- Publishing details on school bulletins
- Croydon website banners and links to the survey
- Tweets

## **4. CONSULTATION PROCESS**

### **4.1 Focus Groups**

A number of focus groups were run across the borough, targeting parents and carers of Children and Young People with Special Education Needs and / or Disabilities. Please see table below.

We engaged with:

- 45 Children and Young People
- 40 parents
- 32 Practitioners of professionals

The format for consultation was that a senior member of the SEND management team briefed the participants of the key aims of the strategy and the four themes for improvement:

- 1) **Improved early identification of need**
- 2) **Improved joint-working**
- 3) **Better graduated response with better joint working:** a continuum of provision to meet a continuum of need to ensure children and young people who have SEND needs have their needs met whenever possible and they make best progress.
- 4) **Improved post 16 opportunities and outcomes.**

A standard set of questions were used:

1. Is the vision clear?
2. What do you like about the draft SEND Strategy?
3. Is there anything in the draft SEND Strategy that worries/concerns you?
4. What impact do you think the Strategy will have on you, your child/ren, family, school or wider community?
5. Is there anything missing from the Strategy that you feel should be included?

<b>Date</b>	<b>Organisation</b>	<b>Audience</b>	<b>Number of attendees</b>
5.12.18	CAMHS services SLAM	Professionals	15

## 5. FINDINGS

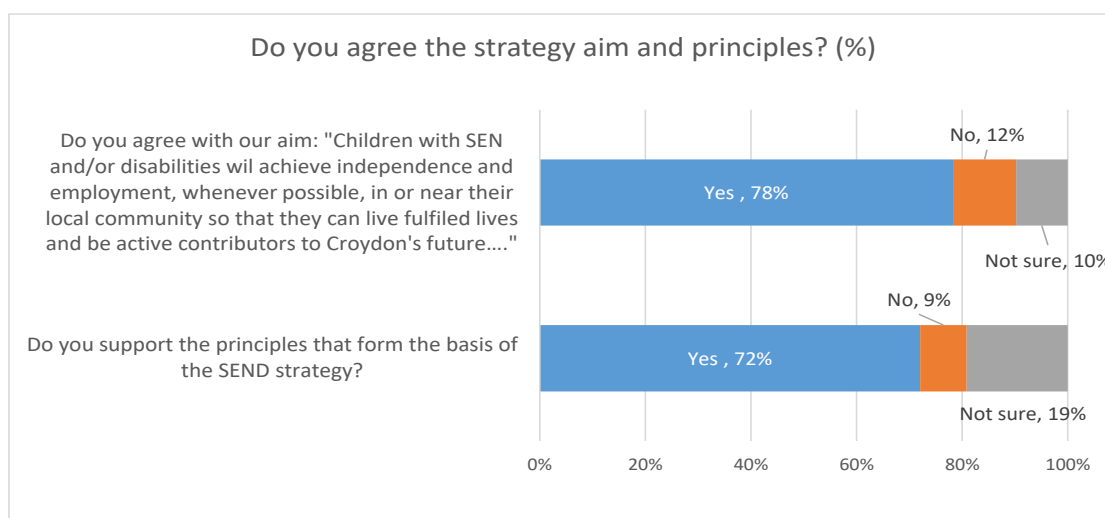

### 5.1 Presenting Qualitative findings

As the main topics of the consultation were the four themes we grouped the feedback accordingly. All the topics generated discussion. However, Post 16 Opportunities and Joint Working created most comments. Discussions also informed us that a fifth area of development was needed, which is Workforce Development across the services.

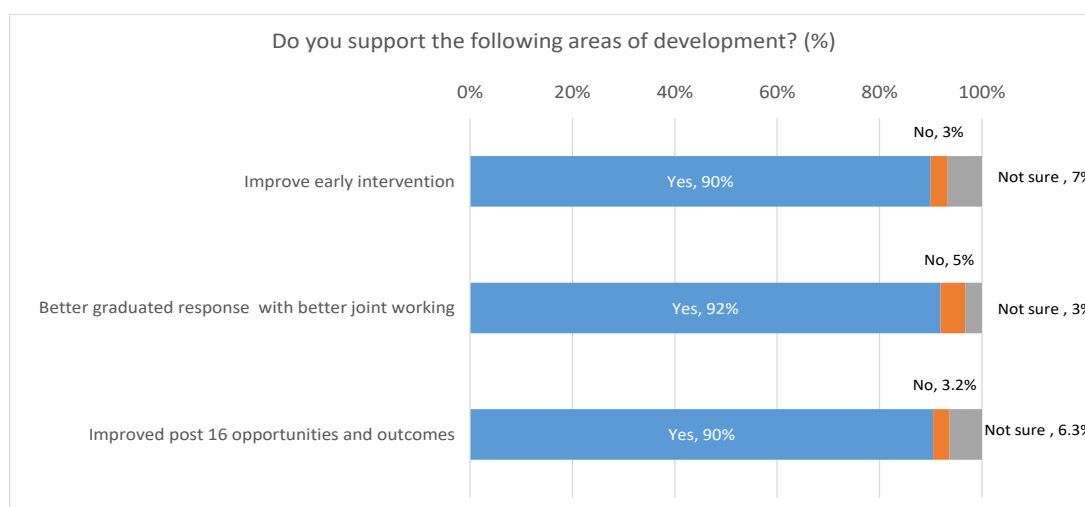

There is a theme of questioning if the intentions will actually be delivered, a sense of having heard it all before.

### 5.2 Presenting Questionnaire findings

The key questions and findings are as follows:

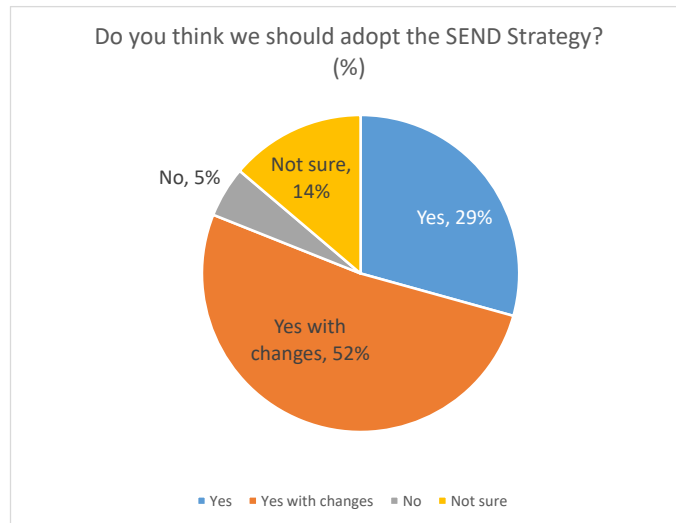

Above: actual count 92 and 68

Above: actual count 63,62 and 60

Above: actual count 58

## 6. Conclusions

The overall response enabled Croydon to prioritise the four themes in the Strategy. It informed the Council of parents and families of the frustrations of services not being joined up and of the anxiety for parents and young people about Post 16 provision and employment within the borough.

## 7. Recommendations

Recommendations about how to proceed will be discussed amongst the three services: education, health and social care.
