

- ADDENDUM TO AGENDA -

Item 6.1 – 71-73 Pampisford Road

One additional objection was received following the publication of the Committee report. The issues raised within the submission are those previously raised and subsequently discussed within the Committee report. Specifically, the comments related to the development not being in keeping with the area, the development would be obtrusive by design and also that the development is an overdevelopment of the site.

The agent has also requested that the Committee members are made aware of three CGI images that were submitted as part of the application. These images were available on Councils website as part of the application package, however were labelled as photos with no specific details illustrating what they were. The images depict the street elevation of the scheme and are available for review by members if requested.

Item 6.2 - 1 Higher Drive, Purley, CR8 2HP

Further objections were received from the Bourne Society on 16th June regarding concerns about:

- Trees
- Character of the area
- Traffic and transport

The concerns were addressed in sections 8.5 to 8.14 regarding character of the area, sections 8.31 to 8.32 regarding trees and sections 8.24 to 8.29 regarding transport in the committee report.
