Identify those conditions currently imposed on the licence which you believe could be removed as a consequence of the proposed variation you are seeking.

Remove condition 8. of the current premises licence: "That the rear garden shall be closed to patrons". The use of the rear garden will provide for the much needed extra seating space, as our overall capacity has been reduced greatly because of the covid-19 restrictions and we need to make use of all available space. We have always followed strict procedures on all aspects of the business and will continue to do so in respect of all licensable conditions under physical supervision of the owner of the business. The back area is covered by a permanent roof which will minimise any unlikely noise nuisance, and has been re-planned to accommodate customers. No music to be played outdoors. We maintain close contact with all residents of flats located above the bar, with direct contact details of the owner available to them for any necessary communication. Same applies to the freeholder of the building. There would be no adverse impact on the promotion of the licensing objectives, which are all closely monitored and adhered to in our premises. Where all of the objectives are under strict controls by the management and the owner. We are a reputable, local business that pays attention to every little detail and the ability to use the rear garden would definitely help us to maintain the business in a reasonable shape in todays economy. The area in question will be provided with table service, covered under site wide CCTV system and will be constantly monitored by members of staff.
