

Annual Infrastructure Funding Statement 2019/20

September 2016

1. Introduction

This is the first Annual Infrastructure Funding Statement published by Croydon Council under Regulation 9 of the Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019.

The Statement reports on the 2019/20 financial year and includes the following:

- A statement (“the infrastructure list”) of the infrastructure projects or types of infrastructure which the charging authority intends will be, or may be, wholly or partly funded by CIL (other than projects or infrastructure funded by the Local Meaningful Proportion);
- A report, in relation to the previous financial year (2019/20) that sets out how much CIL was unspent from previous financial years, raised in 2019/20, or spent/allocated in 2019/20;
- A report about planning obligations secured under s106 of the Town and Country Planning Act 1990 (as amended) that sets out how much was raised in financial terms through planning obligations in 2019/20, what infrastructure planning obligations funded during 2019/20, and how much money remains available to support further infrastructure in future years; and
- Details of affordable housing and school places secured through planning obligations under s106 of the Town and Country Planning Act 1990 (as amended) during 2019/20.

The Annual Infrastructure Statement does not include details of CIL collected on behalf of the Mayor of London (the Mayoral CIL). A separate Annual Infrastructure Funding Statement is prepared by the Greater London Authority and Transport for London that sets out details of how the Mayoral CIL has been spent.

2. The Infrastructure List

The table below sets out the infrastructure projects or types that the London Borough of Croydon intends will, or may be, wholly or partly funded by CIL.

The following infrastructure projects or types will, or may be, wholly or partly funded by CIL:
<ul style="list-style-type: none"> • Provision, improvement, replacement, operation or maintenance of education facilities • Provision, improvement, replacement, operation or maintenance of health care facilities <ul style="list-style-type: none"> • Provision, improvement, replacement, operation or maintenance of those projects listed in the Connected Croydon Delivery Programme dated April 2013 and any projects as may be added to the said Programme after April 2013 as approved by Cabinet. • Provision, improvement, replacement, operation or maintenance of public open space <ul style="list-style-type: none"> • Provision, improvement, replacement, operation or maintenance of public sports and leisure • Provision, improvement, replacement, operation or maintenance of community facilities (as defined by the Croydon Local Plan 2018) <ul style="list-style-type: none"> • Planning obligations will still be required in accordance with Regulation 122 (Community Infrastructure Levy Regulations 2010 (as amended 2011 and 2012)) for obligations relating to infrastructure not listed above.

3. How much CIL was unspent from previous financial years, raised in 2019/20, or spent/allocated in 2019/20

The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019 set out the information that must be provided in an Annual Infrastructure Statement. This information is set out in the table below:
