1. Introduction

1.1 Purpose of Equality Analysis

The council has an important role in creating a fair society through the services we provide, the people we employ and the money we spend. Equality is integral to everything the council does. We are committed to making Croydon a stronger, fairer borough where no community or individual is held back.

Undertaking an Equality Analysis helps to determine whether a proposed change will have a positive, negative, or no impact on groups that share a protected characteristic. Conclusions drawn from Equality Analyses helps us to better understand the needs of all our communities, enable us to target services and budgets more effectively and also helps us to comply with the Equality Act 2010.

An equality analysis must be completed as early as possible during the planning stages of any proposed change to ensure information gained from the process is incorporated in any decisions made.

In practice, the term '**proposed change**' broadly covers the following:-

- Policies, strategies and plans;
- Projects and programmes;
- Commissioning (including re-commissioning and de-commissioning);
- Service review;
- Budget allocation/analysis;
- Staff restructures (including outsourcing);
- Business transformation programmes;
- Organisational change programmes;
- Processes (for example thresholds, eligibility, entitlements, and access criteria).

2. Proposed change

Directorates	Place > Public Realm Place > Planning & Strategic Transport
Title of proposed change	Uniform IT System Contract Extension
Name of Officer carrying out Equality Analysis	Jon Martin, ICT Transformation Programme Manager

2.1 Purpose of proposed change (see 1.1 above for examples of proposed changes)

Uniform is the key ICT line of business system used across the following service areas within Place Department – Planning; Building Control; Environmental Health; Food Safety; Commercial Licensing; Trading Standards; Housing Enforcement; Pollution; and Housing Renewals.

This system has been used at Croydon for over ten years.

The support and maintenance contracts with IDOX, the supplier of Uniform, need to be extended to allow sufficient time to complete a full market assessment, as required by CCB.

The proposed change is contractual and is not changing any functionality of the system, nor how officers or residents interact with it.

3. Impact of the proposed change

Important Note: It is necessary to determine how each of the protected groups could be impacted by the proposed change. If there is insufficient information or evidence to reach a decision you will need to gather appropriate quantitative and qualitative information from a range of sources e.g. Croydon Observatory a useful source of information such as Borough Strategies and Plans, Borough and Ward Profiles, Joint Strategic Health Needs Assessments <http://www.croydonobservatory.org/> Other sources include performance monitoring reports, complaints, survey data, audit reports, inspection reports, national research and feedback gained through engagement with service users, voluntary and community organisations and contractors.

3.1 Additional information needed to determine impact of proposed change

Table 1 – Additional information needed to determine impact of proposed change

If you need to undertake further research and data gathering to help determine the likely impact of the proposed change, outline the information needed in this table.

Additional information needed	Information source	Date for completion
None

3.2 Deciding whether the potential impact is positive or negative

Table 2 – Positive/Negative impact

For each protected characteristic group show whether the impact of the proposed change on service users and/or staff is positive or negative by briefly outlining the nature of the impact in the appropriate column. . If it is decided that analysis is not relevant to some groups, this should be recorded and explained. In all circumstances you should list the source of the evidence used to make this judgement where possible.			
Protected characteristic group(s)	Positive impact	Negative impact	Source of evidence
Age	No change	No change	This is a contractual change not a system functionality one so there is no impact on any of the protected characteristics.
Disability	No change	No change	
Gender	No change	No change	
Gender Reassignment	No change	No change	
Marriage or Civil Partnership	No change	No change	
Religion or belief	No change	No change	
Race	No change	No change	
Sexual Orientation	No change	No change	
Pregnancy or Maternity	No change	No change	
<p>Important note: You must act to eliminate any potential negative impact which, if it occurred would breach the Equality Act 2010. In some situations this could mean abandoning your proposed change as you may not be able to take action to mitigate all negative impacts.</p> <p>When you act to reduce any negative impact or maximise any positive impact, you must ensure that this does not create a negative impact on service users and/or staff belonging to groups that share protected characteristics.</p>			

3.3 Impact scores

Example

If we are going to reduce parking provision in a particular location, officers will need to assess the equality impact as follows;

1. Determine the Likelihood of impact. You can do this by using the key in table 5 as a guide, for the purpose of this example, the likelihood of impact score is 2 (likely to impact)
2. Determine the Severity of impact. You can do this by using the key in table 5 as a guide, for the purpose of this example, the Severity of impact score is also 2 (likely to impact)
3. Calculate the equality impact score using table 4 below and the formula **Likelihood x Severity** and record it in table 5, for the purpose of this example - **Likelihood (2) x Severity (2) = 4**

Table 4 – Equality Impact Score

Severity of Impact	3	3	6	9
	2	2	4	6
	1	1	2	3
		1	2	3
	Likelihood of Impact			

Key

Risk Index	Risk Magnitude
6 – 9	High
3 – 5	Medium
1 – 3	Low

Table 5 – Impact scores

<p>Column 1</p> <p>PROTECTED GROUP</p>	<p>Column 2</p> <p>LIKELIHOOD OF IMPACT SCORE</p> <p>Use the key below to score the likelihood of the proposed change impacting each of the protected groups, by inserting either 1, 2, or 3 against each protected group.</p> <p>1 = Unlikely to impact 2 = Likely to impact 3 = Certain to impact</p>	<p>Column 3</p> <p>SEVERITY OF IMPACT SCORE</p> <p>Use the key below to score the severity of impact of the proposed change on each of the protected groups, by inserting either 1, 2, or 3 against each protected group.</p> <p>1 = Unlikely to impact 2 = Likely to impact 3 = Certain to impact</p>	<p>Column 4</p> <p>EQUALITY IMPACT SCORE</p> <p>Calculate the equality impact score for each protected group by multiplying scores in column 2 by scores in column 3. Enter the results below against each protected group.</p> <p>Equality impact score = likelihood of impact score x severity of impact score.</p>
Age	1	1	1
Disability	1	1	1
Gender	1	1	1
Gender reassignment	1	1	1
Marriage / Civil Partnership	1	1	1
Race	1	1	1

6. Decision on the proposed change

Based on the information outlined in this Equality Analysis enter X in column 3 (Conclusion) alongside the relevant statement to show your conclusion.		
Decision	Definition	Conclusion - Mark 'X' below
No major change	Our analysis demonstrates that the policy is robust. The evidence shows no potential for discrimination and we have taken all opportunities to advance equality and foster good relations, subject to continuing monitoring and review. If you reach this conclusion, state your reasons and briefly outline the evidence used to support your decision.	X
Adjust the proposed change	We will take steps to lessen the impact of the proposed change should it adversely impact the Council's ability to meet any of the Public Sector Duties set out under section 4 above, remove barriers or better promote equality. We are going to take action to ensure these opportunities are realised. If you reach this conclusion, you must outline the actions you will take in Action Plan in section 5 of the Equality Analysis form	
Continue the proposed change	We will adopt or continue with the change, despite potential for adverse impact or opportunities to lessen the impact of discrimination, harassment or victimisation and better advance equality and foster good relations between groups through the change. However, we are not planning to implement them as we are satisfied that our project will not lead to unlawful discrimination and there are justifiable reasons to continue as planned. If you reach this conclusion, you should clearly set out the justifications for doing this and it must be in line with the duty to have due regard and how you reached this decision.	
Stop or amend the proposed change	Our change would have adverse effects on one or more protected groups that are not justified and cannot be mitigated. Our proposed change must be stopped or amended.	
Will this decision be considered at a scheduled meeting? e.g. Contracts and Commissioning Board (CCB) / Cabinet		Meeting title: CCB Date: 13th Dec 2018
