Dear Croydon Council,

I am fully in support of the planters on Albert Road. I think they create a much safer, cleaner environment for those living in South Norwood. I know that some people don't like them because they want to be able to drive everywhere in their cars, but it is much healthier and better for the environment to cycle or walk, and you can also marvel at the small wonders of the world that you wouldn't be able to see in a car.

I personally cycle that way at least once a week, and it is quite nice knowing that I am not at risk of getting run over. Additionally, my dad pointed out that if you need to get somewhere one block away and you usually drive, suddenly there are those planters in the way, so you might as well just walk instead of going around, (which is what some people choose to do.)

Because of the planters, hopefully most will choose to walk and that will reduce the amount of car emissions. On a larger scale, it doesn't seem like much, but imagine it as one Lego brick in a Lego set. Without that one brick the set wouldn't be complete. Of course there are always unneeded spare bricks, but you'll never know they're spare until you've completed the set. And then maybe you could add them on and create something even greater.

(Age 12)

Dear Croydon Council,

I very much like the planters on Albert rd. As I enjoy walking or cycling down quiet streets. Also I think it is a lot better for the environment. I feel the the people who like to drive should either walk or cycle if they want to get somewhere as it is not only better for themselves but also better for the ones around them.

page 9

Dear Council,  
It is really important you provide more safe roads to cycle on. Since the Auckland Road LTN was removed I have stopped cycling regularly. Cars drive by at high speeds passing very close. Cars coming towards us literally drive straight at us which is terrifying. No LTNs means no independence for teenagers like me. Please do something about this it's my generations future that is being destroyed not yours.

Age 13.

I like ~~climbing~~  
on the planters  
with my friends

It is fun please  
keep them  
walk to school  
back ever day and  
like there are in  
and it is winter.

Walking to school

I like looking for plants  
on my way to school

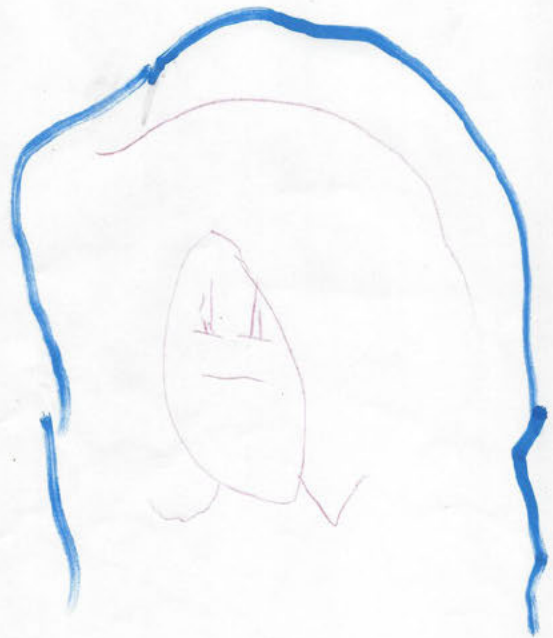

I find small plants and

big plants and leaves

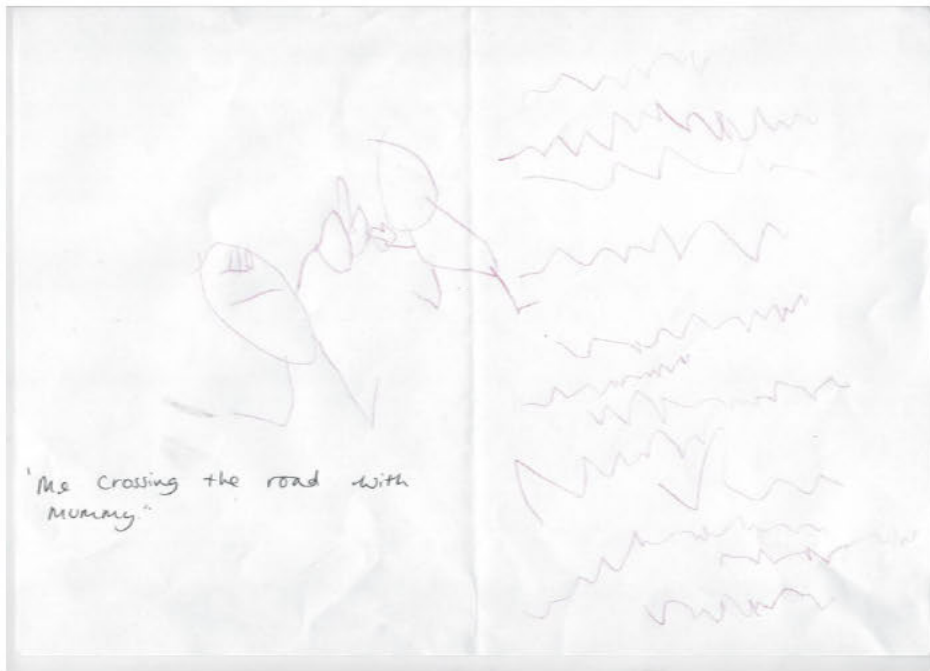

on the trees

Dear Croydon  
Council the  
planters are very  
pretty and I  
think they ~~shou~~  
should stay there.  
Another thing is  
when I cross the  
road they make  
me feel safe.  
Thank you from  
[redacted] age 6.

"The planters help me when I go to nursery." [redacted] age 3

"Me crossing the road with mummy."
