1 Introduction

The Local Government Pension Scheme (LGPS) represents a significant benefit to scheme members. Much of the success in promoting the scheme amongst scheme members and ensuring a high quality service delivery depends upon the relationship between the administering authority and scheme employers in the day to day administration of the scheme. Good quality administration is essential (can also help) in the overall promotion of the scheme and remind or alert employees to the value of the LGPS, thereby helping with recruitment, retention and motivation of employees.

Development of an administration strategy, as allowed for by the Local Government Pension Scheme (LGPS), is seen as one of the tools which can help in delivering a high quality administration service to the scheme member and other interested parties. Delivery of a high quality administration service is not the responsibility of one person or organisation, but is rather the joint working / partnership of a number of different parties.

This is the pension administration strategy statement of the London Borough of Croydon Pension Fund, administered by Croydon Council (the administering authority). It has been developed following consultation with employers in the London Borough of Croydon Pension Fund Pension Fund.

The aim of this strategy statement is to set out the quality and performance standards expected of Borough of Croydon Council in its role of administering authority and scheme employer, as well as all other scheme employers within the London Borough of Croydon Pension Fund. It seeks to promote good working relationships, improve efficiency and enforce quality amongst the scheme employers and the administering authority.

The Fund comprises of 99 scheme employers and approximately 25,500 members, this includes active, deferred, pensioner and dependant members (as at 31 March 2017) of the Local Government Pension Scheme. The efficient delivery of the benefits of the LGPS is dependent on good quality data and sound administrative procedures being in place between a number of interested parties, including the administering authority and scheme employers. This strategy statement sets out the expected levels of performance of both the administering authority and the scheme employers within the London Borough of Croydon Pension Fund, as well as details on how performance levels will be monitored and the action that might be taken where persistent failure occurs.

This pension administration strategy statement is effective from *1 July 2017*.

2 Regulatory framework

Regulation 59(1) of the Local Government Pension Scheme Regulations 2013 enables an LGPS administering authority to prepare a written statement ("the pension administration strategy") which contains such of the matters mentioned below as they consider appropriate:-

- Procedures for liaison and communication with Scheme employers.
- The establishment of levels of performance which the administering authority and its Scheme employers are expected to achieve in carrying out their Scheme functions under the LGPS by -
 - (i) the setting of performance targets;
 - (ii) the making of agreements about levels of performance and associated matters; or
 - (iii) such other means as the administering authority consider appropriate;
- Procedures which aim to secure that the administering authority and its Scheme employers comply with statutory requirements in respect of those functions and with any agreement about levels of performance.
- Procedures for improving the communication by the administering authority and its Scheme employers to each other of information relating to those functions.
- The circumstances in which the administering authority may consider giving written notice to any of its Scheme employers on account of that employer's unsatisfactory performance in carrying out its Scheme functions under these Regulations when measured against levels of performance.
- Such other matters as appear to the administering authority to be suitable for inclusion in that strategy.

In addition, regulation 59(6) of the LGPS Regulations also requires that, where a pension administration strategy is published, a copy is issued to each of their relevant employing authorities as well as to the Secretary of State. Similarly, when the strategy is revised at any future time the administering authority (after say a material change to any policies contained within the strategy) must notify all of its Scheme employers and also the Secretary of State.

It is a requirement that, in preparing or revising any pension administration strategy, the administering authority must consult its relevant employing authorities and such other persons as it considers appropriate.

Regard must be had by both the administering authority and its Scheme employers to the current version of any pension administration strategy when carrying out their functions under the LGPS Regulations.

In addition, regulation 70 of the LGPS Regulations allows an administering authority to recover additional costs from a Scheme employer where, in its opinion, they are directly related to the poor performance of that scheme employer. Where this situation arises the administering authority is required to give written notice to the Scheme employer, setting out the reasons for believing that additional costs should be recovered, the amount of the additional costs, together with the basis on which the additional amount has been calculated.

The following strategy statement, therefore, sets out the information required in accordance with regulation 59(1) and forms the basis of the day to day relationship between Croydon Council as the administering authority and the Scheme employers of the London Borough of Croydon Pension Fund. It also sets out the circumstances under regulation 70 of the LGPS Regulations where additional costs are incurred as a result of the poor performance of a Scheme employer, together with the steps that would be taken before any such action were taken.

3 Responsibilities and procedures

PROCEDURES FOR LIAISON AND COMMUNICATION WITH EMPLOYERS

The delivery of a high quality administration service is not solely the responsibility of the administering authority, but depends on the joint working of the administering authority with a number of individuals in different organisations to ensure scheme members, and other interested parties, receive the appropriate level of service or ensure that statutory requirements are met.

This strategy statement has been developed following consultation with Scheme employers and other interested parties. It takes account of Scheme employers' current pension knowledge, perception of current administration standards and specific training needs to ensure the level of service can be delivered to the required standard.

Procedures have been agreed for the liaison and communication between London Borough of Croydon Pension Fund and its scheme employers. Full details are provided with the Fund's communication policy, which is available on the Fund's website at <http://www.croydonpensionscheme.org/about-us/forms-and-publications.aspx>

A brief summary is set out in Appendix 1.

ESTABLISHING LEVELS OF PERFORMANCE

Performance standards

The LGPS prescribes that certain decisions be taken by either the administering authority or the Scheme employer, in relation to the rights and entitlements of individual Scheme members. In order to meet these obligations in a timely and accurate manner, and also to comply with overriding disclosure requirements, the London Borough of Croydon Pension Fund has agreed levels of performance between itself and Scheme employers which are set out in Appendix 2:

Quality

Overriding legislation

In carrying out their roles and responsibilities in relation to the administration of the Local Government Pension Scheme the administering authority and Scheme employers will, as a minimum, comply with overriding legislation, including:

- Pensions Act 1995 and associated disclosure legislation;
- Freedom of Information Act 2000;
- The Equality Act 2010
- Data Protection Act 1998;
- Finance Act 2004; and
- Health and Safety legislation.

Where agreed, the administering authority and Scheme employers will comply with local standards which go beyond the minimum requirements set out in overriding legislation. Such best practice standards are outlined in the section on timeliness set out below.

Internal standards

The administering authority and Scheme employers will ensure that all functions/tasks are carried out to agreed quality standards. In this respect the standards to be met are:

- compliance with all requirements set out in the employer procedural guide;
- work to be completed in the required format and/or on the appropriate forms contained within the employer procedural guide;
- information to be legible and accurate;
- communications to be in a plain language style;
- information provided to be checked for accuracy by an appropriately qualified member of staff;
- information provided to be authorised by an agreed signatory; and
- actions carried out, or information provided, within the timescales set out in this strategy document.

TIMELINESS

Overriding legislation dictates minimum standards that pension schemes should meet in providing certain pieces of information to the various parties associated with the scheme. The scheme itself sets out a number of requirements for the administering authority or Scheme employers to provide information to each other, scheme members and prospective scheme members, dependants, other pension arrangements or other regulatory bodies. Locally agreed performance standards have been agreed which cover all aspects of the administration of the scheme, where appropriate going beyond the overriding legislative requirements. These locally agreed standards for the London Borough of Croydon Pension Fund are set out below.

External providers

The administering authority or its Scheme employers will ensure that any external service providers with responsibility for carrying out any functions relating to the administration of the Local Government Pension Scheme (such as external pension administration providers, payroll and HR providers) are aware of the standards to be met. They will also be responsible for ensuring that those standards are met.

Procedures for ensuring compliance with statutory requirements and levels of performance

Ensuring compliance is the responsibility of the administering authority and its Scheme employers. We will work closely with all Scheme employers to ensure compliance with all statutory requirements, whether they are specifically referenced in the LGPS Regulations, in overriding legislation or in this Administration Strategy. We will also work with employers to ensure that overall quality and timeliness standards are met as part of a service development plan. Various means will be employed, in order to ensure such compliance and service improvement, after first seeking views from as wide an audience as possible. These include:

Audit

The London Borough of Croydon Pension Fund will be subject to regular audits of its processes and internal controls. The London Borough of Croydon Pension Fund and its Scheme employers will be expected to fully comply with any requests for information from both internal and approved external auditors. Any subsequent recommendations made will be considered by the London Borough of Croydon Pension Fund and where appropriate duly implemented (following discussions with scheme employers where necessary).

Performance monitoring

The London Borough of Croydon Pension Fund will monitor performance against specific tasks from the event date (e.g. date of leaving/retirement, etc) to the date of the completion of the task (notwithstanding that service levels for benchmarking purposes are measured from the date that all necessary data has been received/is available). As part of this monitoring exercise we will include the monitoring of the performance of each Scheme employer in the provision of all necessary data required by the administering authority enabling completion of each task. We will also monitor the performance of the administering authority in carrying out its responsibilities in relation to the scheme.

The London Borough of Croydon Pension Fund as the administering authority will regularly monitor performance by benchmarking with other administering authorities by using benchmarking clubs and other comparators available. Quality and standards of performance will be included in performance monitoring and benchmarking.

Employer liaison meetings

An annual meeting will take place with representatives of the administering authority and the scheme employer to monitor and review performance against targets, the quality of information exchange and ensure compliance with statutory obligations.

Employer forums

Quarterly meetings will take place at a suitable venue to enable an exchange of experience between the London Borough of Croydon Pension Fund and its Scheme employers to promote and ensure statutory compliance.

Employer liaison officers

Each Scheme employer will designate a named individual to act as a scheme liaison officer; being the main contact with regard to any aspect of administering the LGPS. Similarly, the London Borough of Croydon Pension Fund will designate a named individual within the pensions services team for each scheme employer, to act as the pension liaison officer for each scheme employer.

The London Borough of Croydon Pension Fund pension liaison officer will meet with the Scheme employer representative at least annually to discuss any issues relating to the LGPS and/or raise any issues around the performance of the Scheme employer or services provided by the administering authority. More frequent meetings will be arranged if necessary (particularly if issues around the perceived poor performance of the scheme employer arise).

Communication policy statement

The London Borough of Croydon Pension Fund communication policy statement includes specific details on monitoring the compliance of the administering authority and its Scheme employers in communication with various parties associated with the Local Government Pension Scheme. This statement is included as an appendix to this strategy.

Procedures for improving communication between administering and employing authorities

Good communication reminds, or alerts, employees to the value of the LGPS which negates misleading media information and aids recruitment, retention and the motivation of the workforce. Effective communication between authorities reduces errors, improves efficiency and leads to good working relationships.

Where areas of improvement are identified from benchmarking or performance monitoring as indicated in the above section the London Borough of Croydon Pension Fund will be responsible for working closely with the Scheme employers in improving the identified weaknesses.

Where improvements are made they will be reported in the service improvement plan. As part of the review process any new procedures or practises introduced will be kept under review to monitor achievement.

Service improvement plan

The London Borough of Croydon Pension Fund will develop, in conjunction with its Scheme employers, a rolling three year service improvement plan for the provision of the pensions administration service. This plan will include development areas, aimed at improving business efficiency through increased use of technology, together with service improvements identified as part of the benchmarking and monitoring of the administering authority's and Scheme employers' performance. This plan will be monitored on an annual basis and reports provided to scheme employers/senior officer/the Pension Committee and the Local Pension Board.

The Pension Administration Strategy sets out the responsibilities of both the employers in the fund and the pension's team designed to ensure that scheme members have the best possible experience.

The key element in achieving this is the timely supply of accurate data from the employer to the pension fund. Without this information at the appropriate time, both internal performance targets and statutory disclosure requirements will not be met.

In order to help employers pass the data to the pension's team we are investing in new technology. This is a product produced by Aquila Heywood. They are the main provider of pension's administration software in the LGPS and as Croydon Council uses Altair, which is also produced by Aquila Heywood, the systems are compatible.

Employers have all been given the Iconnect specification. The idea is to roll out the product to all employers with more than 20 members throughout 2017/18.

We are currently using the product for the Council payroll. There is some initial work required by the employer to match the data, however, once done, using the systems will streamline the process for both employers and the pensions team and should improve the member experience.

The pension's team will provide support and training to the employer to help them to "on board" to the system. Employers with fewer members could still use Iconnect but as long as they provide all of the information required by the pensions team on a monthly basis they are not obliged to.

Our approach is very much to help, enable and support employers in providing the required information. We are happy to provide on-site training, telephone support as well as attendance at employer forums.

The use of I-Connect involves employers inputting data (including personal data) about Scheme members therefore the Data Protection Act 1998 (DPA) is engaged. From 25th May 2018 the Data Protection Act 1998 (DPA) will be replaced by the General Data Protection regulation (GDPR) and the GDPR will place various obligations on both the Administering Authority and Scheme Employers in their respective roles as Data Controller and Data Processors. The Council as the Administering Authority and Data Controller will ensure it complies with the DPA and the GDPR when it comes into force. The Council as Data Controller also recognises rights of its scheme members (data subjects) under both DPA and the GDPR and will ensure it has policies and processes in place to support these rights.

If appropriate the London Borough of Croydon Pension Fund will update the employer procedural guide to reflect changes to processes, forms and/or responsibilities highlighted as a result of the monitoring of quality and timeliness.

Newsletters

Newsletters which will be issued to all employees annually (or more frequently if necessary) dealing with changes to scheme rules and Scheme employer procedures or responsibilities associated with them.

Technical bulletins

Bulletins will be issued to Scheme employers at least half yearly (more frequently if necessary) updating them on recent and forthcoming changes to the scheme. These Bulletins will provide technical advice and guidance to Scheme employers on the changes along with any changes to, or additions to, the responsibilities of the Scheme employers.

Training sessions

The London Borough of Croydon Pension Fund will provide training to its Scheme employers as and when required in order to undertake training where significant performance issues are identified, or on request from the Scheme employer. It is mandatory for your named acting liaison officer to attend.

Employer forums

Regular meetings (at least quarterly) will take place with representatives of the London Borough of Croydon Pension Fund and its Scheme employers to discuss recent developments within the LGPS or pensions generally, as well as to monitor and review communication strategies. It is mandatory for your named acting liaison officer to attend.

Employer liaison meetings

The London Borough of Croydon Pension Fund pension liaison officer will meet with the Scheme employer representative at least annually to discuss any issues relating to the LGPS and/or raise any issues around the performance of the Scheme employer or services provided by the administering authority. At these meetings the service improvement plan will be reviewed, to discuss progress against targets. More frequent meetings will be arranged if necessary (particularly if specific issues around the perceived poor performance of the Scheme employer arise). It is mandatory for your named acting liaison officer to attend.

Continual review

The London Borough of Croydon Pension Fund will continually review the performance of the administering authority and Scheme employers against the targets and standards set out in this strategy and address with Scheme employers any issues that might be highlighted. The London Borough of Croydon Pension Fund will also monitor success against the targets set out in the three year rolling service improvement plan, and take all necessary action where this is found not to be the case.

Circumstances where the administering authority may levy costs associated with the employing authority's poor performance

Regulation 70 of the Local Government Pension Scheme Regulations 2013 provides that an administering authority may recover from a Scheme employer any additional costs associated with the administration of the scheme incurred as a result of the poor level of performance of that Scheme employer. Where an administering authority wishes to recover any such additional costs they must give written notice stating:-

- The reasons in their opinion that the scheme employer's poor performance contributed to the additional cost;
- The amount of the additional cost incurred;
- The basis on how the additional cost was calculated; and
- The provisions of the pension administration strategy relevant to the decision to give notice.

Circumstances where costs might be recovered

It is the policy of the London Borough of Croydon Pension Fund to recover all additional costs incurred in the administration of the LGPS as a direct result of the poor performance of the administering authority, any Scheme employer or third party service provider. The circumstances where such additional costs will be recovered are:

- persistent failure to provide relevant information to the administering authority, scheme member or other interested party in accordance with specified performance targets (either as a result of timeliness of delivery or quality of information);
- failure to pass relevant information to the Scheme member or potential members, either due to poor quality or not meeting the agreed timescales outlined in the performance targets;
- Or because extra resources will be required to process the missing data. This cost will have to be met directly by the employer.
- failure to deduct and pay over correct scheme member and employer contributions to the London Borough of Croydon Fund within the stated timescales;
- Instances where the performance of the scheme employer results in fines being levied against the administering authority by the Pension Regulator, Pensions Ombudsman or any other regulatory body.
- The cost of any remedial action required to be taken by the London Borough of Croydon and caused by the failure of a Scheme employer to meet their requirements as set out in regulation or the specified performance targets. Also, any breaches of the regulations such as delays in producing the annual benefit statements will be reported to the Pension Regulator (TPR). The report will detail any delays experienced by the pensions team in receiving the data.
- Advice supplied from a third party provider, with or without the consent from the administering authority. So please ensure that your payroll provider is aware of the data requirements of the scheme and that they use Iconnect to provide that information as soon as they are ready to be on boarded. Where there is no previous arrangement in place between Employer and third party provider – the costs incurred will still be re-charged back to the Employer that originally requested work, information or raised queries.

- Our hope that no such penalties or breach reporting will be required. We want to support all stakeholders in ensuring that all regulations and requirements are met and thereby guaranteeing the scheme member of the Croydon pension fund enjoys the best member experience possible.

Approach taken by administering authority

The London Borough of Croydon Pension Fund will seek, at the earliest opportunity, to work closely with Scheme employers in identifying any areas of poor performance, provide the necessary training and development and put in place appropriate processes to improve the level of service delivery in future. Consideration for seeking additional administration costs where persistent failure occurs and no improvement is demonstrated by a Scheme employer would be seen as a failure and should only be taken once all opportunities to resolve any issues identified are exhausted. The following sets out the steps we will take in dealing with poor performance by a Scheme employer:

- write to the Scheme employer, setting out area(s) of poor performance;
- meet with the Scheme employer, to discuss area(s) of poor performance and how these can be addressed;
- issue formal written notice, where no improvement is demonstrated by the Scheme employer or there is a failure by the Scheme employer to take agreed action, setting out the area(s) of poor performance that have been identified, the steps taken to resolve those area(s) and notice that the additional costs will now be reclaimed;
- clearly set out the calculations of any loss resulting to the London Borough of Croydon Pension Fund or administering authority, or additional cost, taking account of time and resources in resolving the specific area of poor performance; and
- make claim against the Scheme employer, setting out reasons for doing so, in accordance with the LGPS Regulations;
- set out clearly the date or dates by which payments must be made.

4 Review process

The London Borough of Croydon will review this Administration Strategy to ensure it remains up to date and meets the necessary regulatory requirements at least every three years. A current version of the administration strategy statement will always be available on our website at www.croydonpensionscheme.org and paper copies will be available on request.

5 Consultation

In preparing this pension administration strategy we have consulted with the relevant Scheme employers and other persons considered appropriate. Where it is necessary to revise this pension administration strategy the relevant Scheme employers will be notified in writing of the changes and where a copy of the revised strategy may be obtained.

Appendix 1 - Summary of communication and liaison

Employer's forums will be held on a quarterly basis in the Town Hall or Bernard Wetherill House, this is a forum for Employers to meet and discuss pension issues, speak to the pension team and be kept informed of changes to the Scheme and Pension Fund Investment. It is mandatory for your named acting liaison officer to attend.

An annual Employee **Newsletter** will be sent out to Scheme employers, to forward on to staff. The newsletter will cover major Scheme changes and contact information.

Regular updates on **Pension Scheme changes** will be sent to you, keeping you fully informed when changes occur.

Regular updates on **Pension Scheme changes** will be sent to Scheme employers, to forward on to staff as and when required.

Annual Benefits Statements will be available to Scheme members on Member Self-Service, any queries which may arise from the statements which result from information employers have provided will be referred directly back to the employer to investigate.

Workshops/roadshows the Pension Team will come out to Scheme employers to speak to staff at various times of the year, to help explain the sometime complex pension issues. These must be arranged with the Pensions Administration Manager well in advance to assure availability and content.

Consulting with Scheme employers - in preparing or reviewing the Fund's policies and discretions, this will also include results of the tri- annual valuation, as the administering authority we will continue to consult with our Scheme employers.

Pension Fund Report - this annual report includes various Pension Fund Investment information and statistics of the Scheme membership profile. It also includes the Pension Team and the Fund performance levels.

Appendix 3 - New entrants and current Scheme members

The Regulations require automatic membership of the Scheme for any person under age 75 who is appointed to work for your organisation where the contract of employment is 3 months or greater. This rule is the same for admission bodies, provided that he/she falls within a description of employee specified as such within the Admission Agreement between the admission body and the Council.

Any employee who is eligible to join the LGPS may elect to be excluded from the scheme before or at any time after appointment. Before making such an election employees will be made aware of the benefits they will be losing out on.

An employee's right to belong to the scheme, and the right not to join or to leave the scheme should be set out in his/her Contract of Employment.

It is important that the issue, completion and recording of elections to join or to be excluded from the scheme, is closely monitored.

The following documents are currently in use in relation to the transmission of information between a new employee, the Scheme employer and the Council.

A **Pensions Option Form** and an **Employee's Guide to the Local Government Pension Scheme** are issued to every new employee.

5.1 Opting out of the pension Scheme over 3 months membership

If a scheme member wishes to opt out of the pension scheme, the election must be given in writing, and sent to the Pension team with the notification of cessation of membership form. The Pension team will determine the Member's Scheme benefit entitlement.

LGPS Opt Out Forms

The LGPS opt out forms for Scheme members to opt out of the Pension Scheme are now only available from the Pension Website (<http://www.croydonpensionscheme.org/about-us/forms-and-publications.aspx>). If individuals do not have access to a computer a hard copy may be obtained from the Pensions Team.

5.2 Auto-Enrolment Employer Duties

The Government through legislation in the Pension Act 2011 have put in place auto- enrolment to workplace pensions.

This major change requires that employees are to be automatically enrolled into a scheme and will then have to opt out if they do not wish to contribute and means it is illegal to discourage people from joining a scheme.

All employers should therefore familiarise themselves with their responsibilities

5.3 Academies

Academies had their own staging date and auto re-enrolment dates dependent on the size of their payroll.

Appendix 4 - Early leavers

Scheme members may leave employment and/or the pension scheme - before becoming entitled to immediate payment of retirement benefits - for a number of reasons, which may or may not be known to their employer. Whenever possible, however, the reason for leaving should be ascertained as this may determine the administrative procedures to be followed and/or the information to be given to the Scheme member.

It is important to remember that any Scheme member who leaves after having completed 2 or more years' membership in the LGPS, or who has transferred accrued rights from a previous pension scheme into the LGPS, is entitled to deferred benefits and cannot receive a refund of pension contributions. Scheme employers should always encourage Scheme members to contact the Pension Team for information with regard to their pension entitlements and not make their own assumptions.

The following documents are currently in use in relation to the transmission of information between Scheme employers and the Pension Team.

Notification of Cessation of Membership/Employment

To be completed in respect of every early leaver to whom the following circumstances apply.
(Please retain a copy for your records)

- On leaving the scheme before attaining the age of 60 years.
- In the event of the Scheme employer determining cessation of employment is by reason of permanent ill health.

After completion, the notification should be forwarded to the Pension Team, together with any relevant documents.

Please Note: No retirement benefits will be paid out to members who have retired if the relevant documents are not completed.

Appendix 5 - Retirements

Retirement or cessation of employment with entitlement to immediate payment of retirement benefits occurs if the following conditions are satisfied:

1 The Scheme member has been a member of the scheme for a minimum of 2 years,

OR

2 The Scheme member has been a member of the scheme for less than 2 years but has transferred in pension rights from another scheme.

Note: the above conditions do not apply if a Scheme member attains age 75. Scheme benefits must be released at age 75 whatever their length of Scheme membership. The Scheme member must be notified of his entitlement at least three months before attaining the age of 75

Pension entitlement will be determined by the Pension Team where membership ceases for any of the following reasons

- Compulsorily on attaining age 75.
- Voluntarily on or after attaining age 60, if there is an entitlement to immediate payment of benefits without reduction but before age 75.
- At any age by reason of permanent ill health
- On or after attaining age 55, by reason of redundancy or in the interests of the efficient exercise of the employer's functions.
- On or after age 55, for any reason, and application is made by the Scheme member for early payment.

A "Notification of Scheme Member Retiring on Pension" is to be completed in respect of every retiring employee and a copy forwarded to the Pension Team immediately before or as early as possible after, the date of retirement together with any relevant documents. Please retain a copy for your records.

If retirement is because the Scheme employer has determined the retirement is because of permanent ill health the notification should be accompanied by a copy of the Independent Registered Medical Practitioner's certification.

Appendix 6 - Early retirement costs recharged to the Scheme employer

When do they arise?

Early retirement costs arise when an employee retires –

- On the grounds of permanent ill-health
- On the grounds of redundancy
- On the grounds of efficiency
- With the consent of the employer before age 60
- On Flexible Retirement before age 60
- Or when preserved benefits are paid prematurely on ill-health or compassionate grounds.

The cost is the notional value lost by the pension fund from the removal of contributions to the pension fund, the loss of investment on those contributions and from paying the pension benefits earlier than anticipated and over a longer term.

The costs will be recovered as follows:

- In cases of ill health – from the Scheme employer
- In all other cases - immediately from the Scheme employer.

Appendix 7 - Deaths in Service

Death in service of an active member gives rise to entitlement to a Death Grant and, in appropriate circumstances, to dependants' pensions.

Dependents includes –

Married Spouse

Cohabitees (certain provisions apply)

Civil Partners

Children (certain provisions apply)

A Notification of Death in Service Form should be completed immediately upon the notification of the death in service of a Scheme member and forwarded to The Pension Team, together with the death certificate. Submission of this form should not be delayed if the death certificate is not available.

Please retain a copy for your records.

Appendix 8 - Additional Voluntary Contribution Scheme

London Borough of Croydon Pension Fund Croydon has provides its in-house AVC Scheme with Prudential, who provide a range of investment fund funds, as well as a facility for Scheme members to provide additional death in service cover.

It is essential that AVC deductions are invested as quickly as possible in order to maximise the return to each member.

Monthly AVC deductions should be paid directly to the AVC provider (Prudential) as soon as the payrolls are processed. A schedule must be sent with the payment, giving details of all contributions paid over to Prudential which must reach Prudential by the 19th day of the month following the month they were deducted. Failure to do so is in breach of legislation and may be reported to the Pensions Regulator

Weekly paid AVCs can be accumulated for 4-5 weeks and paid over at monthly intervals.

Appendix 9 - Ill health Retirement

The LGPS provides ill health retirement cover for Scheme members that are unable to work because of serious illness. There is a 3 tier benefit policy in place.

Tier 1: If a Scheme member has at least 2 years in the pension scheme and the employer determines he or she has no reasonable prospect of being capable of gainful employment before age 65, ill health benefits are based on the membership built up to the date of leaving **plus all** the Scheme member's prospective membership from leaving to age 65

Tier 2: If a Scheme member has at least 2 years in the pension scheme and the employer determines he or she is unlikely to be capable of gainful employment within a reasonable period of leaving, but may be capable of gainful employment at some date in the future before age 65, ill health benefits are based on membership built up to leaving **plus 25%** of prospective membership from leaving to age 65.

Tier 3: If the employer determines that it is likely a Scheme member will obtain gainful employment within 3 years; the benefits payable will be the benefits accrued as at the date of leaving. A member receiving benefits under the third tier shall:

- Inform his or her former Scheme employer if further employment is obtained
- Answer any queries in relation to current employment status, pay and working hours.

Any members retiring under this tier must have their employment status monitored by the former Scheme employer after 18 months.

If gainful employment has been secured the pension must cease and any overpayment recovered.

If gainful employment has not been secured, the former Scheme employer must obtain a further certificate from an Independent registered practitioner.

In any event, benefits payable under this tier will cease after they have been in payment for 3 years and the former Scheme member will become a pensioner with deferred benefits.

'Gainful employment' means paid employment for not less than 30 hours in each week for a period of not less than 12 months.

Please note to all Employers the Council will only accept ill health retirement application supported and approved by the Council Occupational Health (O H) doctor.

If you choose to use your own O H doctor, their report will be sent to the Council O H for verification and approval. All costs associated to this process are charged to the Employer. If you wish to use the services of Councils O H doctor please contact the Governance & Compliance team in the first instances.

Appendix 10 – Examples of instances where costs may be recharged

The table below provides of examples of situations when the London Borough of Croydon Pension Fund may recharge employers for additional costs. It is not intended to be definitive and the Fund reserves the right to levy an additional charge in any circumstances of poor performance under Regulation 70 of the Local Government Pension Scheme Regulations 2013 and in accordance with this strategy. For the calculation of additional recharges for poor performance please see Section 3.

	Item in relation to the LGPS	Cost
1	Late notification of a New Starter	£50
2	Late notification of changes personal details-name and address	£50

7	Late notification of contribution banding changes	£50
8	Late payment of monthly contributions	£50
9	Late delivery of payroll details in support of monthly contributions (due at the same time as the monthly contributions payments).	£50
10	Late notification annual year end information	£250
11	Any fines imposed on the Fund by the Regulator, which is deemed to be the fault of the Employer, will be passed on to that Employer	Re-charge amount
12	Any fines imposed on the Fund due to failure to provided information for Auto enrolment process	Re-charge amount
13	FRS17 report preparation and submission to actuary, plus actuary time	Re-charge amount
14	FRS17 report preparation and submission to actuary, plus actuary time for Academies	£2,500+ pa
15	Queries to 3rd party providers, without prior notification of cost to Employer, will be re-charged back to the Employer which raised the query	Re-charge amount
16	All legal costs and any other third party costs incurred from outsourcing, queries, disagreements and not an exhaustive list are to be re-charged	Re-charge amount
17	Due to extra work load generated from Retirement Estimates, 10 a year will be free. Above that will be charged at £20 each person. Payment should be arranged prior to the release of the information	£20 each (after 10 free per annum)

Please note any engagement with external providers e.g. Actuaries, Solicitors the full cost will be recharged back to the Scheme employer. This will include any outsourcing of contracts and FRS17 reports.

To try and keep the cost down when engaging with these 3rd party companies please make sure your data is as clean as possible.

Appendix 11 - Cohabiting Partners

The LGPS provides for a cohabiting partner, of either the opposite or same sex, to receive a survivor's pension, subject to meeting the relevant criteria laid down in the scheme i.e. that all of the following conditions have applied for a continuous period of at least 2 years on the date both the scheme member and their nominated cohabiting partner sign the nomination form:

- both the scheme member and their co-habiting partner are, and have been, free to marry each other or enter into a civil partnership with each other, and
- the scheme member and their co-habiting partner have been living together as if they were husband and wife, or civil partners, and
- neither the scheme member or their co-habiting partner have been living with someone else as if they were husband and wife or civil partners, and
- either the co-habiting partner is financially dependent on the scheme member or they are financially interdependent on each other.

Appendix 12 – Payment of monthly contributions by Scheme employers

The following documents and processes are in use in relation to current administrative procedures.

LGP31B - Remittance advice for payments to the Fund

Payment by BACS

The completed form LGP31B should be emailed to the Pension address as shown on the form at the time the BACS payment is made.

A schedule of the Scheme members who have had deductions taken should include:

- National Insurance Number
- Name
- Contribution band percentage rate
- Additional contribution percentage rate (where applicable) and contribution amount
- Pensionable pay
- Monthly Scheme member contribution
- Monthly employer contribution
- Total Scheme member and employer's contribution to date
- Total pensionable pay to date
- Date joined or left LGPS (if in current year)

This information should be emailed to the Pensions Team or posted to The Pension Team at the Croydon address as soon as the payroll has been run monthly.

Note:

Employer contributions are expressed as a percentage of pensionable pay and are payable at such rate(s) as may be advised by London Borough of Croydon Pension Fund following the completion of each triennial actuarial valuation of the pension fund

All sums to which form LGP31B relates shall be paid over no later than the **19th day of the month following the month of account. Payment of Interest will be charged by the Council where contributions have been received late.** Contributions deducted from weekly wages should be accumulated for 4 or 5 weeks and paid over at the appropriate month end.

Late payment of pension contributions by Scheme employers is a serious offence and the Pensions Regulator or the Pensions Ombudsman has significant powers of sanction. The Pensions Regulator can impose fines of up to £50,000 for each instance of persistent offence. Recent changes to the Pensions Act have made it easier to prosecute employers for late payment of contributions.

Note: AVC payments should not be included on the LGPS31B and should be paid direct to the AVC provider.

A copy of the AVC Schedule should be forwarded to the Pensions Team along with any new applications to pay AVC's or any notifications to cease.

Appendix 13 - Year end procedures

Financial Returns

Immediately after the end of each financial year, each Scheme employer must submit to the Pension Team by 15 May of that year an interface file / schedule or report detailing the relevant financial information to allow the end of year process / updating of member records and when relevant the tri-annual valuation. A template/ interface layout will be provided 2 months prior to the relevant 31 March.

The prompt and accurate notification of this information is vital to ensure the Pension Scheme complies with Regulatory requirements, e.g. disclosure regulations that stipulate that members must be informed within certain deadlines of their scheme membership details when they join, and of their benefits when they leave. These deadlines are missed if year-end is the source of the information.

The schedule / interface file/reports should be completed and emailed to the Pensions office by 15 May of the year end to which the information relates

Once the pension's database has been updated, if there are any queries, we will email/write to you. It is important that all enquiries are resolved before the end of year process, which will update the member self-service site and facilitate the production of the Annual Benefit Statements.

Every 3 years the fund's actuary carries out the valuation. In order for this to happen, membership data has to be passed to the actuary within strict deadlines. The quality of this data has a direct impact on the actuary's ability to determine the correct employer contribution rates. If the data is unreliable, the actuary will always take a cautious approach which could result in a higher contribution rate.

Appendix 14 - Additional pension contributions (APCs)

Benefits purchased

Employee only APCs and employee/employer shared cost APCs

Scheme members may choose to buy extra annual pension, up to a set maximum, using an Additional Pension Contribution (APC) contract (with or without a contribution from the employer – known as a shared cost APC (SCAPC) where there is a contribution from the employer). The maximum at April 2014 was £6,500 and represented an increase from the 2008 Scheme maximum of £5,000. The maximum of £6,500 is increased each April (starting April 2015) by Pensions Increase (assuming a PI date of 1 April 2013). The April 2015 maximum is £6,675.

To buy extra pension. The Scheme member may choose to make a one off contribution or regular additional contributions, with or without a contribution from the employer, in order to buy a set amount of additional pension. The cost (a cash amount NOT a percentage of pay) is determined by the Scheme member's age and the amount they wish to purchase. An employer may, if they wish, agree to meet some or all of the cost of any additional pension purchased. Note that a Scheme member cannot commence an APC in this circumstance if they are in the 50/50 section.

To buy 'lost' pension for authorised unpaid leave of absence (including any period of unpaid additional maternity, paternity or adoption leave or unpaid shared parental leave following a period of relevant child related leave i.e. following ordinary maternity, paternity or adoption leave or paid shared parental leave and any paid additional maternity or adoption leave). Where an employee elects to pay an APC to purchase any or all of the amount of pension 'lost' during the period of absence and makes the election within 30 days of returning to work (or such longer period as the employer may allow) the employer shall, for any individual period of absence up to 36 months, but not any period beyond that, pay 2/3rds of the cost of the APC (a shared cost APC). The amount of 'lost' pension shall be calculated as 1/49th of the 'lost' pensionable pay for the period of unpaid leave if the person was in the main section during that period, or 1/98th of the 'lost' pensionable pay for the period of unpaid leave if they were in the 50/50 section during that period. A Scheme member can commence an APC or shared cost APC in this circumstance even if they are in the 50/50 section.

To buy pension 'lost' during a trade dispute. Where an employee is absent due to a trade dispute they may choose to buy extra pension to replace the amount of pension 'lost' during the period of the trade dispute. The amount of 'lost' pension shall be calculated as 1/49th of the pensionable pay 'lost' during the period of the trade dispute. If the Scheme member wishes to go ahead with a purchase of extra pension in any of the above circumstances they will need to sign a contract to do so and both the payroll and Pension Fund administering authority must be notified of the amount to be purchased, the cash contribution, the period over which it is to be paid, the reason for the purchase and, if the member has more than one pensionable employment, the employment to which the APC contract is to be attached.

Employer only APCs

Employers can award additional annual pension to active Scheme members of up to a set maximum (less any amount of additional annual pension the employer has already contributed towards or is contributing towards under a shared cost APC). The maximum at April 2014 was £6,500. The maximum of £6,500 is increased each April (starting April 2015) by Pensions Increase (assuming a PI date of 1 April 2013). The April 2015 maximum is £6,675. Such an award may also be made within six months of leaving to those persons who have left on the grounds of redundancy or business efficiency.

The employer would make a one off contribution in order to buy a set amount of additional pension for the member. The cost is determined by the employee's age and the amount purchased.

Appendix 15 - The 50:50 Option

The LGPS 2014 contains two sections – the MAIN section and the 50/50 section. The difference between the two sections is that in the 50/50 section the amount of contributions to be deducted from the Scheme member is half that due under the main section (and, therefore, the member accrues half the normal pension whilst in the 50/50 section).

Note that whilst an individual is in the 50/50 section the employer contribution is still the normal full contribution rate (not half).

The Scheme member may elect to move between the main and 50/50 sections of the Scheme any number of times but each election only takes effect from the next available pay period.

An employer must give an employee who elects for the 50/50 section information on the effect on that person's likely benefits from the 2014 Scheme.

The employer will be required to notify both the payroll administrator and the Pension Team of the date of the move to a different section and to maintain a record of elections.

At year end (or date of leaving if earlier), employers should confirm to the administering authority which section the member was in at that time.

Each employer will need to determine the most effective method of holding the above information which may or may not involve the payroll system holding the relevant data. Notification that the employee has elected to move from the main section to the 50/50 section (or vice versa) from the beginning of the next available pay period following the election.

If the employee is in the 50/50 section and goes on to no pay due to sickness or injury, the employee must be moved back into the main section from the beginning of the next pay period if they are still on nil pay at that time. The person will, of course, have the right to make a further 50/50 election which, if made before the payroll is closed, would mean the member would have continuous 50/50 membership.

If the Scheme member is in the 50/50 section and goes on to no pay during ordinary maternity leave, ordinary adoption leave or paternity leave, the member must be moved back into the main section from the beginning of the next pay period if they are still on nil pay at that time.

If the employee is in the 50/50 section they must be moved back to the main section from the beginning of the pay period following the employers' "automatic re-enrolment date". This would happen irrespective of what category of worker they are for the purposes of the Pensions Act 2008.
