REPORT TO:	Pension Board 19 October 2023
SUBJECT:	The Collective Investment Vehicle for London Local Authorities Pension Funds: Compliance with pooling requirements, review of savings and governance structure.
LEAD OFFICER:	Matthew Hallett – Acting Head of Pensions and Treasury

1. RECOMMENDATION

- 1.1 The Committee are asked to note the contents of this report

2. EXECUTIVE SUMMARY

- 2.1 This report advises the Board of the extent to which the Fund is complying with the pooling requirements of Guidance issued by the, then, Department for Communities & Local Government (DCLG) in 2015, the savings made through pooling in 2022/23 and the governance structure of the London Collective Investment Vehicle (LCIV).

3. DETAIL

- 3.1 In 2015 the, then, DCLG issued Guidance which set out how the Government expected funds to establish asset pooling arrangements. The stated objectives were to deliver:
- benefits of scale;
 - strong governance and decision making;
 - reduced costs and excellent value for money; and
 - improved capacity and capability to invest in infrastructure.
- 3.2 By the time of the Guidance, as a founder member, Croydon had already voluntarily joined LCIV. LCIV's stated objectives are to deliver broader investment opportunities and enhanced cost efficiencies than funds can achieve individually and overall better risk adjusted performance. It is Financial Conduct Authority (FCA) regulated and was the first of the eight asset pools in England and Wales to become established. All the London borough funds are members.

- 3.3 Since its founding in 2014 LCIV has developed its governance structure through a Corporate Governance and Controls framework. The key components of the framework are the Shareholder Committee, comprising Leaders and Treasurers of twelve of the London boroughs, and a Board made up of executive and non-executive directors all of whom must meet FCA fitness to serve requirements. Details of the full Governance structure can be accessed online via <https://londonciv.org.uk/governance>
- 3.4 The Croydon Fund's formal involvement in the governance of LCIV is only through attendance at the twice yearly Shareholder General Meeting. Officers are, however, in regular contact with the LCIV officers.
- 3.5 During the development of the pooling concept funds estimated how they could comply with its requirements in the context of their own asset allocation policies. The Council Fund's Investment Strategy Statement, as agreed on 18 September 2018 and current for 2021/22, includes the following:
- 5.3 The Fund holds illiquid assets outside of the London CIV pool. The cost of exiting these strategies early would have a negative financial impact on the Fund. These will be held as legacy assets until such time as they mature. The Fund will continue to invest in illiquid assets outside of the London CIV pool, until suitable strategies are made available by the London CIV pool, in order to meet its asset allocation target.*
- 5.4 Therefore, the proportion of assets that will be invested through the pool will be circa. 65%*
- 3.6 At 31 March 2023 the Fund had investments of £159.8m (9.6% of its investments) invested in sub-funds managed by the LCIV and a further £670.9m (40.1%) managed by Legal and General which is classified within the pooling umbrella. The arrangement with Legal and General was established in 2016 as a way of providing fee discounts to members without moving passive assets into the LCIV. Whilst the Fund is conscious that the proportion of its assets invested through the pool (49.7%) is below the target of 65%, investments will only be made in pool products when this is the optimum strategy.
- 3.7 A summary of the overall position of the Fund at 31 March 2023 is as follows:
