

1. Introduction

1.1 Purpose of Equality Analysis

The council has an important role in creating a fair society through the services we provide, the people we employ and the money we spend. Equality is integral to everything the council does. We are committed to making Croydon a stronger, fairer borough where no community or individual is held back.

Undertaking an Equality Analysis helps to determine whether a proposed change will have a positive, negative, or no impact on groups that share a protected characteristic. Conclusions drawn from Equality Analyses helps us to better understand the needs of all our communities, enable us to target services and budgets more effectively and also helps us to comply with the Equality Act 2010.

An equality analysis must be completed as early as possible during the planning stages of any proposed change to ensure information gained from the process is incorporated in any decisions made.

In practice, the term '**proposed change**' broadly covers the following:-

- Policies, strategies and plans;
- Projects and programmes;
- Commissioning (including re-commissioning and de-commissioning);
- Service review;
- Budget allocation/analysis;
- Staff restructures (including outsourcing);
- Business transformation programmes;
- Organisational change programmes;
- Processes (for example thresholds, eligibility, entitlements, and access criteria).

2. Proposed change

Directorate	Place
Title of proposed change	Purchase of Additional Social Housing
Name of Officer carrying out Equality Analysis	Steve Wingrave

2.1 Purpose of proposed change (see 1.1 above for examples of proposed changes)

The Council is proposing to purchase a number of new build properties from Brick by Brick to increase the supply of social housing. These will be held in the HRA and let at social housing rents so that they are affordable to a greater range of households and offer more secure and better quality homes than offered through alternative private sector accommodation

3. Impact of the proposed change

Important Note: It is necessary to determine how each of the protected groups could be impacted by the proposed change. If there is insufficient information or evidence to reach a decision you will need to gather appropriate quantitative and qualitative information from a range of sources e.g. Croydon Observatory a useful source of information such as Borough Strategies and Plans, Borough and Ward Profiles, Joint Strategic Health Needs Assessments <http://www.croydonobservatory.org/> Other sources include performance monitoring reports, complaints, survey data, audit reports, inspection reports, national research and feedback gained through engagement with service users, voluntary and community organisations and contractors.

3.1 Additional information needed to determine impact of proposed change

Table 1 – Additional information needed to determine impact of proposed change

If you need to undertake further research and data gathering to help determine the likely impact of the proposed change, outline the information needed in this table.

Additional information needed	Information source	Date for completion
Offer better space and layouts for individuals and especially families. The purchases will also look to purchase up to 10% of properties that are, or readily capable for adaption for people with disabilities.	Planning and Building Control	February 2020

For guidance and support with consultation and engagement visit <https://intranet.croydon.gov.uk/working-croydon/communications/consultation-and-engagement/starting-engagement-or-consultation>

3.2 Deciding whether the potential impact is positive or negative

Table 2 – Positive/Negative impact

For each protected characteristic group show whether the impact of the proposed change on service users and/or staff is positive or negative by briefly outlining the nature of the impact in the appropriate column. . If it is decided that analysis is not relevant to some groups, this should be recorded and explained. In all circumstances you should list the source of the evidence used to make this judgement where possible.

Protected characteristic group(s)	Positive impact	Negative impact	Source of evidence
Age	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes	None	Planning application and Building Control would have taken into account impact on all groups
Disability	The aspiration is to acquire 10% of properties that are either adapted for or are readily adaptable for people with disabilities	None	Building Regulations
Gender	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.
Gender Reassignment	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.
Marriage or Civil Partnership	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.
Religion or belief	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.

Race	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.
Sexual Orientation	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.
Pregnancy or Maternity	These purchases will provide better homes for families. They will provide permanent accommodation for individuals and families and offer more secure and better quality homes		As above.

Important note: You must act to eliminate any potential negative impact which, if it occurred would breach the Equality Act 2010. In some situations this could mean abandoning your proposed change as you may not be able to take action to mitigate all negative impacts.

When you act to reduce any negative impact or maximise any positive impact, you must ensure that this does not create a negative impact on service users and/or staff belonging to groups that share protected characteristics.

3.3 Impact scores

Example

If we are going to reduce parking provision in a particular location, officers will need to assess the equality impact as follows;

1. Determine the Likelihood of impact. You can do this by using the key in table 5 as a guide, for the purpose of this example, the likelihood of impact score is 2 (likely to impact)
2. Determine the Severity of impact. You can do this by using the key in table 5 as a guide, for the purpose of this example, the Severity of impact score is also 2 (likely to impact)
3. Calculate the equality impact score using table 4 below and the formula **Likelihood x Severity** and record it in table 5, for the purpose of this example
- **Likelihood (2) x Severity (2) = 4**

Table 4 – Equality Impact Score

Severity of Impact	3	3	6	9
	2	2	4	6
	1	1	2	3
		1	2	3
	Likelihood of Impact			

Key

Risk Index	Risk Magnitude
6 – 9	High
3 – 5	Medium
1 – 3	Low

Equality Analysis

Table 5 – Impact scores

Column 1	Column 2	Column 3	Column 4
PROTECTED GROUP	LIKELIHOOD OF IMPACT SCORE Use the key below to score the likelihood of the proposed change impacting each of the protected groups, by inserting either 1, 2, or 3 against each protected group. 1 = Unlikely to impact 2 = Likely to impact 3 = Certain to impact	SEVERITY OF IMPACT SCORE Use the key below to score the severity of impact of the proposed change on each of the protected groups, by inserting either 1, 2, or 3 against each protected group. 1 = Unlikely to impact 2 = Likely to impact 3 = Certain to impact	EQUALITY IMPACT SCORE Calculate the equality impact score for each protected group by multiplying scores in column 2 by scores in column 3. Enter the results below against each protected group. Equality impact score = likelihood of impact score x severity of impact score.
Age	2	2	4
Disability	2	2	4
Gender	1	1	1
Gender reassignment	1	1	1
Marriage / Civil Partnership	1	1	1
Race	1	1	1
Religion or belief	1	1	1
Sexual Orientation	1	1	1
Pregnancy or Maternity	1	1	1

4. Statutory duties

4.1 Public Sector Duties

Tick the relevant box(es) to indicate whether the proposed change will adversely impact the Council's ability to meet any of the Public Sector Duties in the Equality Act 2010 set out below.

Advancing equality of opportunity between people who belong to protected groups ☐

Eliminating unlawful discrimination, harassment and victimisation ☐

Fostering good relations between people who belong to protected characteristic groups ☐

Important note: If the proposed change adversely impacts the Council's ability to meet any of the Public Sector Duties set out above, mitigating actions must be outlined in the Action Plan in section 5 below.

5. Action Plan to mitigate negative impacts of proposed change

Table 5 – Action Plan to mitigate negative impacts

Complete this table to show any negative impacts identified for service users and/or staff from protected groups, and planned actions mitigate them.

Protected characteristic	Negative impact	Mitigating action(s)	Action owner	Date for completion
Disability	No Negative Impact			
Race	No Negative Impact			
Sex (gender)	No Negative Impact			
Gender reassignment	No Negative Impact			
Sexual orientation	No Negative Impact			
Age	No Negative Impact			
Religion or belief	No Negative Impact			
Pregnancy or maternity	No Negative Impact			

Equality Analysis

Marriage/civil partnership	No Negative Impact			
----------------------------	--------------------	--	--	--

6. Decision on the proposed change

Based on the information outlined in this Equality Analysis enter X in column 3 (Conclusion) alongside the relevant statement to show your conclusion.				
Decision	Definition			Conclusion - Mark 'X' below
No major change	Our analysis demonstrates that the policy is robust. The evidence shows no potential for discrimination and we have taken all opportunities to advance equality and foster good relations, subject to continuing monitoring and review. If you reach this conclusion, state your reasons and briefly outline the evidence used to support your decision.			x
Adjust the proposed change	We will take steps to lessen the impact of the proposed change should it adversely impact the Council's ability to meet any of the Public Sector Duties set out under section 4 above, remove barriers or better promote equality. We are going to take action to ensure these opportunities are realised. If you reach this conclusion, you must outline the actions you will take in Action Plan in section 5 of the Equality Analysis form			
Continue the proposed change	We will adopt or continue with the change, despite potential for adverse impact or opportunities to lessen the impact of discrimination, harassment or victimisation and better advance equality and foster good relations between groups through the change. However, we are not planning to implement them as we are satisfied that our project will not lead to unlawful discrimination and there are justifiable reasons to continue as planned. If you reach this conclusion, you should clearly set out the justifications for doing this and it must be in line with the duty to have due regard and how you reached this decision.			
Stop or amend the proposed change	Our change would have adverse effects on one or more protected groups that are not justified and cannot be mitigated. Our proposed change must be stopped or amended.			
Will this decision be considered at a scheduled meeting? e.g. Contracts and Commissioning Board (CCB) / Cabinet Yes.		Meeting title: Cabinet Date: 13 July 2020		

7. Sign-Off

Officers that must approve this decision	
Equality lead	Name: Yvonne Okiyo Date: 01/07/2020 Position: Equalities Manager
Director	Name: Ozay Ali Date: 01/07/2020 Position: Director of Housing and Social Investment
